05.10.21

To parents and carers of year 1,

This term in History, we have been looking at Toys from the Past. We have discussed our favourite toys, explored how toys have changed through time and compared toys from Victorian times.

To further extend our learning and understanding, we have arranged for a Toy Workshop to come into school on Thursday 14th October 2021. The workshop will be led by a Victorian style Toy Maker. He will take the children on an inspiring journey where they will explore the theme of then and now (old and new). The children will also explore the difference in materials e.g. china, metal and wood compared to plastics. There is also some language development on the forces concept of push and pull. Throughout the workshop these concepts are explored by the children playing games with a range of old and new toys presented in a dramatic manner that helps them to retain the information.

In order for the workshop to go ahead, we are asking parents to contribute £6 towards the event, this can only be paid using the school online payment system Pay360 Educational Payments.

You will need an activation code to be able to access your child's Pay360 account, this will be sent to you via email to the email address known to the school. Please look out for this email in the next few days which will give you all the details you need to get going. If you do not receive an email activation code, please call the school office who can sort this out for you.

Please ensure payment is made before the Thursday 14th October so your child has a space.

Many thanks

Mrs Shaw, Mrs Squirrel, Miss White & Mrs Prashar
